TO MY FRIENDS AND CUSTOMERS:

Please accept this, my catalog for season of 1935 with my best wishes for the New Year and with thanks for your much appreciated patronage of last year.

We appreciate your confidence in us in the past and assure you that we will do everything possible to deserve it in the future. Wishing you and yours a Happy, Prosperous and Successful Year.

Yours sincerely,

RALPH W. STERLING.

DIRECTIONS

By carefully reading and observing the following directions, mistakes will be largely avoided.

Please use the enclosed Order Sheet and self-addressed envelope if possible. If you need more let me know and I will be glad to send more to you.

Write your name, address and shipping directions plainly.

Always send the cash with your order, unless otherwise agreed upon. Money may be sent by P. O. Money Order, Bank Draft or Registered Letter. Stamps may be sent for amounts under \$1.00, but be sure to put in three-cent stamps, wrapped in waxed paper.

We pay the postage on all seeds sold by the pkt., oz., and $\frac{1}{4}$ lb. Quantities over that are priced net, to be shipped by Parcel Post, freight or express, at purchaser's expense, unless otherwise stated.

If you desire your seed sent by Parcel Post, add 8c for the first lb. and 1c for each additional lb. of your order, allowing 2 lbs. extra for package. For amount of postage on plants see Plant Department. These rates are for anywhere on Long Island.

By pricing my seeds net, postage extra, you get your seeds delivered for less money than if I quoted a Postpaid price as the 8c per lb. extra would have to be counted in and added to each single lb. priced.

$\frac{1}{2}$ lbs. will be sold at lb. rates; $\frac{1}{2}$ bu. at bushel rates.

No charge is made for packing or packages.

NOTE:—In all orders received before April 1st we include trial packets of different kinds of seed, the number of packets depending upon the size of your order. If you find any of these of particular value we would be pleased to hear of it.

If you cannot use this catalog or receive more than one will you kindly pass it on to someone interested. Thank you.

NOTICE—I do not warrant in any way, express or implied, the description, quality, productiveness, or any other matter pertaining to any seeds, bulbs, plants, shrubs or trees sold by me, and I will not be in any way responsible for the crop.

However, all complaints are carefully looked into and I try to adjust them satisfactorily to all.

HYBRID SWEET CORN

We are carrying four of the best Hybrid or Top Cross varieties of Sweet Corn this year and are pricing it within reason so that all may try it and see for themselves how prolific and disease free it is. Many state it yields double what the standard varieties do. Do not try to save the seed from these varieties as they will not come true but have to be bred and crossed each year. That is the cause of the higher price. Seed very scarce. Order early.

PEAS

The RADIO, BLUE BANTAM, LITTLE MARVEL, KELVIDON WONDER, CARTER'S DAISY and TELEPHONE are the gardener's favorites for table use and for canning. Sow these six kinds together and they will follow each other through the season.

I have a large stock of choice new crop pea seed, of high germination, this season. The prices quoted below for bushel lots are cash prices. Add \$1.00 per bushel for time. Even though Peas do not pay as a market crop, the vines make fine green manure for Cauliflower or Brussels Sprouts. Due to a shortage in the crop, prices are liable to change without notice.

Peconic, N. Y., Jan. 12, 1935.

Dear Sir:—

I planted 4 bu. of Peas on land rented of you at Nassau Farms and cleared enough out of them to pay for rent, fertilizer and seed on whole 12-acre piece. From the 1½ acres Early Fordhook Limas I cleared over \$500.00, some selling for \$5.00 per bag.

The Cauliflower started off well but they looked bad for a while. The piece of Sterling Erfurt headed up last and were as fine cauliflower as I ever raised. Eight to 10 heads filled a crate and after the freeze they sold as high as \$2.62½ per crate on the New York Market.

GRASS, CLOVER AND ALFALFA SEED

Prices liable to change without notice. Most items are in short supply this year.

Terms strictly cash.

I make my prices just as reasonable as is possible consistent with the quality. It is the very last fraction of 1% in purity that costs money. I believe that it pays big returns, too, as it is truer in seeds than in anything else that "the best is none too good."

In sowing Timothy alone without Clover use 15 to 20 Lbs. to the acre. If your land is sour and Grass and Clover does not do well as a rule, a little lime sown on top of the ground and harrowed in before sowing the seed would be a great help.

All our Clover and Alfalfa Seed is grown in the North West.

Special prices on bag lots. Ask us about them.

LAWN MAKING

Our Lawn Grass Seed is exactly what we represent, recleaned and free from weeds, and we sell many hundred pounds all over Long Island.

Loosen the soil in which a new lawn is to be made to a depth of at least five inches, and lighten it with humus, compost or manure if it is heavy and inclined to bake. Apply fertilizer liberally, either Sheep Manure, Bone Meal, V. C. Fairway or a commercial fertilizer. Use three inches of top soil if too light.

Sow in the early spring when cool weather and ample rainfall will insure complete germination and a good start for the seedlings before hot dry weather comes. If seeding must be delayed, special precautions must be taken to prevent the ground drying out. Early fall is a very desirable time to seed.

See that the seed is well covered. Rake it into a new seed bed and roll so that the soil is firmed over the seed. Where seed is sown on an old lawn always cover it with a top dressing of sand or soil and fertilizer. Seed thrown on the top of hard ground has no chance to grow and will merely wash off.

We will do your grading and seeding for you at a very reasonable cost. We would appreciate a chance to figure on your job.

REAL ESTATE DEPARTMENT

My offerings of waterfront lots this year are larger than ever before. Since my 1934 catalog was issued I have sold or contracted to sell 22 waterfront lots and I have as many more to sell.

The people who bought these lots have either built on them or contemplate building in the near future, and every one is delighted with the location. I am offering the following:—

NASSAU FARMS

A new 60-acre development with over 30 waterfront lots and about 50 nice lots on a 50-foot wide road leading to the creeks and the bay. Also 10 one and a quarter acre plots, partly wooded and partly good land for gardens, chickens, etc. Can sell acreage, also, if desired. Have many acres of good land, several farmers making more money on these acres at Nassau Farms than on any other land they worked. Prices range from \$400.00 each for inside lots, 70 feet by 200 feet and over, to \$750.00 for waterfront lots with 65 to 70 feet front and from 250 to over 300 feet in depth. One and a quarter acre plots for \$850.00 each.

A nice map drawn to scale will be sent free to anyone asking for it, giving price, size of lots, etc.

SUNSET BLUFF

Three beautiful waterfront lots at Nassau Point, only a few steps from Peconic Bay.

Two of the lots each have 100 feet frontage on a channel we had dug to connect with the main channel into Peconic Bay and the other lot has 150 feet frontage, with deep basin suitable for a large cabin-cruiser.

The depth of these lots are from 350 feet to 600 feet and the width is from 60 to 65 feet on the upland.

The price of these lots is from \$2000.00 each to \$2500.00 for the large lot with 150 feet of waterfront. Four lots at Sunset Bluff have been sold. One large bungalow is about completed while another will probably be built in the spring.

STERLING INLET

Two large waterfront lots, located at about the center of Nassau Point, on an inlet from Wunneweta Pond that we have had dug out and improved.

This inlet connects through Wunneweta Pond and a deep bulk-headed channel with Great Peconic Bay, making this a very fine harbor for any kind of boat up to a depth of four feet.

These two lots each have about 100 feet of waterfront and are over 300 feet deep. They are covered with large oak trees, Lot No. 226 has a pretty fresh water pond in the center of it while I have made a shell road along the south side of No. 225 to connect with the best location for a house. Would be pleased to show anyone interested, over these two fine lots. Price of No. 225 is \$2500.00 and No. 226 is \$2000.00. Liberal terms arranged.

CARRINGTON PARK

Four large lots at Nassau Point, Nos. 421 to 424, inclusive. These lots are covered with large oak trees and lay only a few hundred feet from Wunneweta Pond, which has been improved and a good channel dug from the landing near these lots out to Great Peconic Bay. Your choice of any one of these four lots for only \$1000.00.

BRIAR PATCH

Nine nice lots at Eugene's Creek. Two large lots on Harbor Road at \$400.00 each. Six lots, 60 x 60, for only \$240.00 each, and a beautiful waterfront lot, 61 x 150, for only \$750.00.

CUTCHOGUE, L. I., N. Y.

May I substitute if out of any kinds ordered?

LISTINGS

Large house on New Suffolk Avenue. Eight rooms and bath, improvements. New oak floors and new walls. One hundred and twenty feet frontage, about one acre of ground.

Large house with 100 feet frontage on New Suffolk Avenue, 150 feet deep. Eight rooms and bath. Improvements. Oak floors. Price on either of the two above places is \$4500.00. Liberal terms can be arranged. Very little cash. A fine chance for anyone wishing to take roomers in the fishing season.

Good Potato Farm. Twenty-five acres, large house and barn. This farm is the lowest priced per acre farm in this vicinity. There are 18 acres of good potato soil in this farm and a small piece of woodland.

Thirty-five-acre farm with over 400 feet frontage on Long Island Sound. Fine level land. Good potato farm. The sound frontage is worth about what you can buy the farm for.

Armchair Gardening

Draw now the blind,
Shut out the garden scene
Of ground
Ice bound;
Fog veils the evergreen,
Bird song is hushed,
Only the east wind shrills
And creepers quiver
By the window-sills.

Draw up your chair,
Into its harbor slip;
Take, please,
Your ease
And get within your grip
The New Year's catalogues
Of root and seed—
The garden calls you in its hour of need.

A fireside hour, the while you sit and
scheme,
Conceives the Summer garden of your
dream.
